DISCLOSURE ON THE QUALITY OF EXECUTION

1. ***An explanation of the relative importance the firm gave to the execution factors of price, costs, speed, likelihood of execution or any other consideration including qualitative factors when assessing the quality of execution:***

FXDD considers 'price', 'cost' and 'speed' as highly important execution factors, and other execution factors such as size and likelihood of execution having relatively lower importance.

2. ***Close links, conflicts of interests, and common ownerships with respect to any execution venues used to execute orders:***

FXDD is the main execution venue as described above, and it acts as the principal counterparty to its clients' trades. FXDD commits to guarantee the best available price to its clients, maintaining the firm at all times in compliance with the Best execution policy.

3. ***Specific arrangements with any execution venues regarding payments made or received, discounts, rebates or non-monetary benefits received:***

FXDD does not have any arrangements with the execution venues regarding payments made or received, discounts, rebates or non-monetary benefits received.

4. ***Factors that led to a change in the list of execution venues listed in the firm's execution policy, if such a change occurred were:***

Our Execution Venues may vary in time in order to give our clients a wide range of products, best available prices and up to date technological solutions.

5. ***How order execution differs according to client categorization, where the firm treats categories of clients differently and where it may affect the order execution arrangements:***

FXDD clients are classified in Retail, Professional and Corporate; irrespective of the category all clients are treated equally in relation to the execution arrangements.

6. ***An explanation of whether other criteria were given precedence over immediate price and cost when executing retail client orders and how these other criteria were instrumental in delivering the best possible result in terms of the total consideration to the client:***

FXDD gives precedence to no other criteria over price and cost when executing retail customer's orders.

7. *Use of any data or tools relating to the quality of execution, including any data published under the Commission Delegated Regulation, to be provided by execution venues on the quality of execution of transactions:*

FXDD has automatic monitoring tools in place to ensure that the quality of execution by the execution venues is in line with our policy.

8. *Where applicable, an explanation of how the investment firm has used output of a consolidated tape provider:*

FXDD does not make use of any CTP.
